### Walkersville FBLA Fundraiser

The Walkersville High School FBLA Chapter decided to engage a fundraiser with the American Cancer Society to help cancer patients and cancer research around our area. Many loved ones have been affected, so we all pulled together as a community to raise as much money as possible. Many generous contributions were made, and the total contributions were \$675. Our goal was \$500. We plan to double our fundraising expectations next year. Thank you to all who helped!

- Gloria Majchrzak, Walkersville FBLA Secretary

### State Officers Begin 1st Ever MD FBLA State Chapter Annual Business Report

Your Maryland FBLA State Officer Team has decided to compile Maryland FBLA's first State Chapter Annual Business Report this year. With assistance from the board of directors, the officer team has begun drafting a comprehensive, 20+ page report of this year's activities. The report will be submitted in early May for review at the national level.

The officers are excited about this initiative as it will provide a framework and aid future State Officer teams in their compilation of the State Chapter Annual Business Report. Many of the sections request information on local chapter activities, so the officers encourage you to submit information on your local chapter, such as communication with business professionals, assistance to March of Dimes, Go Green and American Enterprise activities, local chapter websites and newsletters, or any other information you wish to share.
